# WILTSHIRE FARMER'S MARKETS

The Wiltshire Farmers Markets are run by an association of local producers based in Wiltshire and the surrounding area. At the moment we run 14 markets in 11 towns and also provide markets at special events in the local community. All the products sold at the market have to meet the following criteria:

- They must be grown, raised, made or produced by the owner of the stall.
- All products/producers must come from Wiltshire or within 40 miles of the market, unless there is no one locally producing the product.
- Not factory farmed.
- No GM content.
- Minimum legal packaging.

What this means for you the customer:

- The product is locally produced and hence normally only travels a maximum of 40 miles to the markets with the consequential environmental gains. If a product is not available locally we may have producers from further afield until a local producer is found.
- The producer is normally on hand to answer questions.
- Money spent at the market goes back into your local community through council tax, wages and local spend.

If you want further information about our Farmers Markets either look at our website
